Boise ID 83714

What You'll Learn

This hands-on course is intended for students who have some knowledge of ArcGIS Online and have already taken the introductory course or have some experience in the application and want to take their skills to the next level. No scripting skills are required. Temporary, student licenses are provided.

Topics Include:

- Review Experience Builder Interface Navigation Tips and Tricks
- Managing Data Connections and Data Views
- Using Sections and Views
- Configure Dynamic Content, Related Tables, and Actions
- Attribute and Spatial Queries
- Edit Widget

Instructor

Kara Utter, M.A.

Kara has over 10 years of experience in geospatial science and data science and is the owner of Dynamic Visions GIS. She excels at systems thinking and has a diverse background, having provided services to all levels of government, wildfire, natural resources, fisheries, and nonprofits. Her capacity to complete GIS needs assessments, improve efficiency, increase public access to information, provide methods of asset tracking, and quickly adapt to a changing environment has resulted in many successful project resolutions and national recognition through ESRI's Special Achievements in GIS awards.

Education Hours: 8 credit hours.
