What You'll Learn

This hands-on course is intended for students who have some knowledge of ArcGIS Online and are looking to expand on their understanding of how to create interactive, online applications. Although it is recommended that students have some experience in developing online mapping applications, it is not necessary. Scripting skills are not required. Temporary, student licenses are provided.

Topics include:

- Introduction to Experience Builder and a comparison with Web AppBuilder
- Experience Builder Basics and Creating an Experience from a Template
- Exploring Style and Content Settings for Customizing Widgets
- Configuring Dynamic Widget Interactions, Triggers, and Actions
- Mobile Optimization for Varied Screen Sizes
- Manage Your Experience and Create a Template

Instructor

Kara Utter, M.A.

Kara has over 10 years of experience in geospatial science and data science and is the owner of Dynamic Visions GIS. She excels at systems thinking and has a diverse background, having provided services to all levels of government, wildfire, natural resources, fisheries, and nonprofits. Her capacity to complete GIS needs assessments, improve efficiency, increase public access to information, provide methods of asset tracking, and quickly adapt to a changing environment has resulted in many successful project resolutions and national recognition through ESRI's Special Achievements in GIS awards.
